

BENTON  COUNTY

FARM TO FORK

INDIANA

Presented by: Benton County Farm Bureau, Inc.

SEPTEMBER 13, 2017

Dear Prospective Donor :

Our community has a rich agriculture heritage that spans generations. Over 90% of the land in Benton County is in production agriculture, producing corn, soybeans, wheat and livestock. Yet, less than 5% of our labor force is now employed in the ag industry. Now, more than ever before, it is crucial that we educate the public about the ag practices that supply their food. Today, a single farmer is responsible for feeding over 155 people a year.

Benton County Farm Bureau, Inc. is pleased to present a
FARM TO FORK DINNER ON WEDNESDAY, SEPTEMBER 13, 2017

The street will be closed in downtown Fowler and lined with tables filled with local residents, community leaders, and business owners. The Fowler Theatre marquee will provide the perfect backdrop for this dinner, featuring a unique menu highlighting Indiana grown food and beverage.

Like our agriculture heritage, the Fowler Theatre has been an integral part of our community since it first opened its doors in 1940. After an award-winning restoration, the Fowler Theatre is now the crown jewel of Benton County. Proceeds from the dinner will help support The Fowler Theatre. We are pleased that profits from the Farm to Fork dinner will ensure our wonderful Theatre continues to offer families local and affordable first-class entertainment.

There are numerous partners already involved to ensure the first Benton County Farm to Fork dinner is a huge success. We invite your organization to join this effort to improve ag literacy, while raising much needed support for the Fowler Theatre. On behalf of the Farm to Fork planning committee, we offer our sincerest gratitude for your support.

Sincerely,

Meredith Cobb
 Education and Outreach Coordinator
 Benton County Farm Bureau, Inc.

*Please complete this form by August 15 and return with your check made payable to
 Benton Community Foundation with Farm to Fork in the memo line.*
